Commodore's Message

Thomas Yanni

CBYCA Members, Partners, and Supporters,

It's my pleasure to present CBYCA's 2023 CHARTROOM CHATTER Roster Edition. As you likely know, this booklet is created every year and is designed to help our members, partners, and supporters keep in touch and locate services across the Chesapeake Bay Region including the Delaware, Susquehanna, and Potomac River Basins.

Many people contribute to this booklet every year. This year's efforts have been led and orchestrated by CBYCA's Rear Commodore, Derrick Cogburn. RC Derrick and his team have worked hard to collect and verify data, to put the booklet in logical order, and to solicit support; all in order to produce a booklet that many of us find extremely useful. I often look through the booklet to find a phone number, email, or club address. I also use the booklet to find businesses and service providers that support CBYCA and our primary mission to retain and improve recreational boating access and opportunities across our five states and the District of Columbia. Thanks to each of you for helping us help you.

The key to having a successful booklet is having our Club Delegates, Partner Liaisons, District Representatives, and Committees working together. I have been actively involved with this process the past three years, and this year the engagement and coordination has been the best I've seen. Thanks to everyone that worked to make it all happen.

Of course, no printed booklet happens without the help, assistance, and production from an excellent printer. Tim, Noreen, and their helpers at NorthStar Family Press have, as always, worked to give us a quality product at a fair price. If you need printing services I wholeheartedly recommend Tim and Noreen. I'm sure they'll treat you as well as they've treated us, and the product quality speaks for itself.

The weather has changed, my grass almost needs mowing, and I've started prepping my boat. I'm looking forward to seeing everyone this Spring at Club Openings, Flag Raisings, and on the water.

As always, Be Smart, Be Safe, and Have Fun!

Thomas Yanni

Milestones. In so many ways, milestones help to regulate our lives. From the change of seasons, and the rituals they bring like spring commissioning our vessels, to birthdays, anniversaries, and other key annual events for us.

In CBYCA, one of our yearly milestones is the production of the annual Roster Edition Chartroom Chatter. Affectionately known as our “Roster Book”, this annual milestone helps to capture the updates to our clubs, their new leadership, and highlights all the wonderful advertisers and patrons that help support our outstanding boating community.

As Rear Commodore, my core responsibility for the year is the “coordination” of the Roster Book. We are so pleased that you now have the 2023 Roster Book in your hands and on your screens. I put the word coordination in quotes above because it is not me, but our absolutely amazing team of Bridge and Board of Governors members that have put the book together this year. I cannot begin to express the depth of my gratitude to everyone working on the 2023 Roster Book team. I have learned so much about our association and our leadership in the process of putting the book together. All of these lessons will help me support our Rear Commodore next year as they coordinate the production of the 2024 Roster Book.

We hope that with the Roster Book in your hands, you will be able to augment the planning of your 2023 boating season. We encourage you to get out to visit member clubs, particularly at their openings, Commodore's Balls, fundraisers, and other events. With the COVID-19 pandemic slowly receding off our collective transoms, re-engaging with member clubs as you cruise the beautiful Chesapeake Bay will help to strengthen the network our association helps to facilitate.

May you have a great 2023 boating season as you celebrate milestones and make new memories with your family, friends, and fellow boaters.

Fair winds,

Dr. Derrick L. Cogburn

HISTORY AND PURPOSE

An inspiration by a patriarch of Maryland yachtsman, the Honorable William (Bill) B. Matthews, Jr., to form an organization of Yacht Clubs in the Chesapeake Bay area led to the founding of the Chesapeake Bay Yacht Clubs Association (CBYCA) on September 25, 1957. On this date, William Shriber, Jr., hosted a meeting in the offices of radio station WFBR, at which, in addition to Bill Matthews, George Wallis, representing Commodore James P. Libertini, Baltimore Yacht Club; Frederick Bergling representing Commodore H. P. White, Bush River Yacht Club; Commodore Austin Sedicum, Maryland Yacht Club; and Commodore Gilbert Quinn, Ventnor Yacht Club, were in attendance. Commodore Tignor, Boumi Temple Yacht Club, though absent, was also a member of the founding group. These individuals, with Miss Harry Wolf, as secretary, formed the steering committee which led to the establishment of the Association. Bill Matthews was elected as its first Commodore.

The CBYCA was founded with three basic objectives:

1. To protect the interests of better boating in the Chesapeake Bay area through legislation;
2. To define and set up standards of recognition for Yacht Clubs in the Chesapeake Bay area and to distinguish between Yacht Clubs completely controlled by the members thereof and those wholly, or partly, controlled by commercial ventures; and
3. To act as a liaison and coordinator between Yacht Clubs as to coming events, such as Opening Days and Commodore Balls, and as far as possible, prevent overlap of these type events.

During the ensuing years, CBYCA has provided continuous service to its member clubs, and in many respects, to boating, in general, in the Chesapeake Bay area. The CBYCA has a membership of approximately 100 clubs whose collective aggregate membership of more than 85,000 recreational boaters who cruise the Chesapeake Bay area, and whose geographical location includes Maryland, Virginia, Pennsylvania, Delaware, New Jersey, and the District of Columbia. CBYCA was a founder and Charter Member of the National Boating Federation (NBF), and through the NBF, CBYCA participates at the national level in legislative matters affecting recreational boating.

CBYCA also maintains representation on the Maryland Boat Advisory Committee and observers of the Pennsylvania Boat Act Advisory Committee and the New Jersey Boat Regulatory Commission. All proposed legislation affecting recreational boating in these states must be submitted to these respective groups for review and advice before becoming law. CBYCA actively participates at the state levels regarding legislation of interest to recreational boating. As a result of CBYCA efforts, the Boat Act Advisory Committee was legislatively established in the Maryland Boat Act. In addition, CBYCA maintains continuing representation with the following boating oriented organizations: U.S. Coast Guard, U.S. Coast Guard Auxiliary, and United States Power and Sail Squadrons. From 1986 to 1991, the Association had a Political Action Committee.

Boating and yacht clubs located in the Bay area with interest in CBYCA membership should contact: Qualifications Officer Harlie Spencer at qo@cbyca.org.

CBYCA member clubs occupy a five state area and the District of Columbia. Many of us are grouped closely while others are off by themselves. We used what you told us in your roster updates to put together this location list. It shows you at a glance where you might find friendly clubs.

PARTNER PROGRAM

One of the primary purposes of the CBYCA is to protect the interests of boaters through legislation and interaction with national, state and local boating and waterway organizations, public and private. To this end, we have forged a "Legislative Confederation" that has broadened the powers base, strengthened the boater's voice and offered the opportunity for more people to participate. We commend our partners for their commitment to work together on mutually beneficial issues.

Visiting CBYCA Member Clubs
By Robert B. Naylor, Vice Commodore

Almost all Chesapeake Bay Yacht Clubs Association (CBYCA) Member Clubs with facilities welcome visitors from other CBYCA Member Clubs. We encourage all visitors to be courteous, respectful, and abide by the hosting Club rules and management directions. *Reciprocity is a privilege and may be revoked at the discretion of any club.* Chesapeake Bay Yacht Clubs Association does NOT require reciprocity amongst member clubs.

If asked for proof of CBYCA membership, most Clubs keep a CBYCA roster book handy at the bar or in the office so membership may be easily verified. Also, the Membership list is on our www.CBYCA.org website, both on our "Find A Club Map" and "Member Clubs" pages under the "About Us" main menu. Some Clubs print "CBYCA Member" on their membership cards.

Whether it is one member requesting a slip or a multi-boat club outing, the courtesy amongst Clubs that offer reciprocity is for the Fleet Captain of the visiting Club to contact the Fleet Captain of the host Club as far in advance as possible to inquire about slip availability, facility requirements, and the cost. Clubs generally do not have designated visitor slips. The slips may be owned or rented by Club members first and if they happen to have empty slips those empty slips may be offered to visitors. If a boat from your Club cannot secure a slip with the others, a nearby anchorage where you can dinghy in may be an option. Fleet Captains will have that information.

Before contacting a Club your Fleet Captain should have available:

- Arrival and departure dates (most Clubs may limit you to two nights)
- Arrival and departure times (some Clubs ask that you vacate the slip by a specific time)
- Number of boats requesting slips
- Name of each boat
- Whether power or sail
- Length and draft of each boat
- Whether electricity is required (and how many amps). Some Clubs may charge for power.

If slips are available the Fleet Captain will give further instructions for your arrival; for example by what time you should arrive and who to contact upon arrival. Some Clubs will email their rules prior to your arrival.

You may or may not be assigned slip numbers in advance. You may be given the slip number with instructions to radio the dock master upon your approach. If you get your slip number in advance, it is recommended that you check the Club's website for a dock map to locate the slip to plan your approach. You might also check Google Maps satellite view.

Visiting boats should take and use their own dock lines, power cords, and water hoses.

After arriving at the Club on the designated day each skipper should immediately check in with the dock master or Fleet Captain if they are not meeting your boat at the dock. At that time ask who and where to pay for the slip if that wasn't discussed when you made the reservation. Some Clubs may take credit cards, while others may only take cash. Some Clubs require payment upon arrival, others before you leave.

If anything changes (cancelations, added boats, etc.) please contact the Fleet Captain as soon as possible.

If you plan to eat at the host Club's restaurant, ask the Fleet Captain for appropriate protocols, i.e., dress code, reservations, etc. If you would like to just drive to a Club for a meal, the Club website usually has a restaurant number or at least instructions for making reservations. All Clubs are different as some have on-site paid chefs and others do not.

Some clubs may restrict where on the premises alcohol can be consumed.

CBYCA YACHT CLUB TRADITIONS AND PROTOCOLS

There is no Uniform requirements for Officers of Member Clubs in the Chesapeake Bay Yacht Club Association. It is a common practice however, that for those occasions where a Uniform is appropriate, and a Member Club Officer chooses to wear a Uniform, in lieu of civilian attire, he or she wears the traditional, customary and generally accepted Uniform recognized Yacht Clubs in the United States and other countries.

The Uniform for Yacht Club Officer is described on these pages for informational purposes only. The Uniform is worn by the twenty Officers of the Association for those occasions where a Uniform is appropriate.

There are three Uniforms, namely WHITE (generally for Summer), NAVY BLUE OR BLACK (generally for Winter and BLUE/WHITE (generally for Spring and Fall, sometimes called "Salt and Pepper"). Traditionally the Commodore specifies the uniform of the Day.

Specifics:

Cap: Regulation yachting cap with white top, black, gold, or silver yachting braided line, AKA rope, with matching black, gold, or silver buttons, fouled anchor device, over plain black visor, with club burgee button in center and gold Officers insignia (silver for past commodore). The lady officer's hat is Navy Lady Style with yachting braid. The yachting cap braids should not be confused with the gold chin strap worn by U.S. Navy Officers and Midshipmen or the black chin straps worn by the U.S. Navy Chief Petty Officers. Such straps should not be worn with yacht club uniforms. When selecting yachting braid for caps, silver is always reserved for Past Commodores. The line between black and gold braid may vary from club to club, with some clubs electing not to use gold (or silver) at all. Typically, when used, gold is reserved for Officers, particularly Flag Officers. In such cases, Club Members, Board Members, and certain Junior Officers in uniform would wear the black braid.

Summer Shirt: Short sleeve white shirt with shoulder straps and two pockets. Brass buttons showing anchors in button holes of shoulder straps and pockets.

Uniform Coat: Double breasted Navy Blue or Black with black buttons showing anchors.

Tie: Navy Blue or Black. Women wear Navy Lady Style.

FLAGS AND THE CUSTOMS RELATED TO THEIR FLYING

From the beginning of recorded history, man used signals to convey information to friend and foe alike regarding his homeland, his house, and his personal position. Over the years, customs have changed but slightly to accommodate the new and modern changes in both our way of life, in boats themselves, and our need for information on the water. There are a number of accepted standards for the display of flags, all of which amazingly agree in almost every detail with each other. The guide used by the United States Power Squadrons is shown on the next page.

And yet, that same guide is changing. Recently, when recognizing the fact that modern sailboats are inhibited from flying flags at the traditional masthead and even bow staff positions due to instrumentation and modern types of sails, the Power Squadrons adopted a standard for flying a burgee and officer's flag. Under these recently approved guideline, going from starboard to port, the USPS ensign, the club burgee, and the officer's flag may be flown from separate halyards, or if one or two halyards are available, multiple hoisted in the order or precedence (i.e., USPS ensign, club burgee, and officer's flag). So it will not be unusual to see a power squadron vessel with the USPS ensign at its starboard yardarm, and the officer's flag beneath it, while the squadron burgee flies from the port spreader halyard. Likewise, a yacht club member could fly on his sailboat the club burgee from the starboard halyard and the officer's flag from the port halyard, provided of course, the same is approved by the yacht club commodore. A good rule to remember is the order of precedence follows the flag representing the greatest number of people to that representing the least number which, of course, is one, you – your officer's flag.

There are many good sources of reference; the three best being the United States Power Squadrons, the Coast Guard Auxiliary, and the New York Yacht Club. These are well presented in a number of publications, but none is better than the bible of pleasure boaters, Chapman's.

Yes, there is a rhyme and reason as to why, how, and where we fly flags. The knowledgeable boater not only knows, but appreciates it. Each of the customs was adopted for a particular purpose and because of a specific reason. Knowing and appreciating those origins are indeed as much a part of yachting as the operation of the boat itself. So fly your flags, proudly and properly. It is a practice that sets us apart from other recreational activities. Be proud that heritage and your knowledge thereof, and you will add to the dignity and prestige of your club.

CBYCA BURGEES

The official burgee of CBYCA is white with a blue border and the CBYCA emblem, crossed fouled anchors with "CBYCA" in a circle, in the center as shown on the front cover of this yearbook. Current and Past Officers or Board of Governor Members may display the embellished burgee of the Association on vessels which they command or upon which they are present as guest.
